

Join us in supporting **MENTAL HEALTH WEEK** October 10-17

The theme for this year's World Mental Health Week is "Dignity in Mental Health". This year, the World Health Organization (WHO) will be raising awareness of what can be done to ensure that people with mental health conditions can continue to live with dignity, through human rights oriented policy and law, training of health professionals, respect for informed consent to treatment, inclusion in decision-making processes, and public information campaigns.

Come Celebrate and Raise Awareness with Us!!
